

Conversion from QuarkXPress to InDesign

This Single day (6 hour) course is aimed at experienced users of QuarkXPress, who are converting to InDesign, and is not suitable for beginners.

Note: If you require Introduction to InDesign training (suitable for beginners) please ask for details of our Introduction to InDesign course.

The aim of the course is to familiarise QuarkXPress users with the locations in InDesign, of the features that were available in QuarkXPress, and any changes in the usage of these. In addition, we will cover how to convert QuarkXPress documents to InDesign.

Switching to InDesign from QuarkXPress

In a Nutshell

What should I do before I begin creating documents?

New Document Setup

- Starting a new document
- Number of Pages
- Facing Pages
- Master Text Frame
- Page Size
- Orientation

Moving from Page to Page

Magnification

Measurement units and Rulers

Ruler Guides

Changing the zero point
